### Installing Connector

Please connect this product between the power connector of the switching hub and the AC adapter [POA201-10-2], as shown in the diagram below.

#### Connecting to the Switching Hub

While pressing the orange push button located in the center of the switching hub's power connector using a precision screwdriver or similar tool, insert the cable into the round connection hole. Afterwards, release the push button to secure the cable.

#### Connecting to the AC Adapter

Connect the AC adapter connector on the left side to the connector on the right side of this product, following the direction of the arrow as shown in the figure below.
